Foods to Feature (\*)

The foods listed below are expected to be in plentiful supply in October, 1952 and January, 1953. This is not an official forecast of supply conditions, but is based on intentions to plant, production estimates, production in previous years and other factors.

These same foods will probably appear on the Monthly List of Plentiful Foods issued by the Production and Marketing Administration during the indicated months. Plentiful Foods are given nation-wide emphasis by food trade organizations, and by press and radio.

Foods for October 1952

Honey	Cabbage
Apples	Stewing Hens
Winter Pears	

Foods for January 1953

Fresh Citrus	Winter Pears
Honey	Broilers and Fryers
Tree Nuts	Apples
Dried Prunes and Raisins	

HONEY should receive emphasis in October

(\*) Note: In connection with the Plentiful Foods Program to increase the consumption of abundant foods through normal channels of trade.

Foods to Feature

The foods listed below are expected to be in plentiful supply in November, 1952, and February, 1953. This is not a forecast or an appraisal of supply conditions but is based on historical patterns of production and marketing. It is expected that the foods listed will be included in the list of plentiful foods for the designated months, issued by the Production and Marketing Administration.

These foods are stressed through nation-wide informational activities and through food trade merchandising. The report is prepared to inform you about plentiful foods which you may want to consider featuring in food advertising for the months designated.

Foods for November 1952

Cauliflower	Tree Nuts, particularly
Cranberries	Filberts and Walnuts
Pumpkin and Squash	Honey
Raisins and Dried Prunes	Turkeys

Foods for February 1953

Oranges	Winter Pears
Tangerines	Lard
Grapefruit
